# FAU Grading System

## ECTS-credits

ECTS, the *European Credit Transfer and Accumulation System*, was developed by the Commission of the European Community in order to provide common procedures to guarantee academic recognition of studies abroad. It provides a way of measuring and comparing learning achievements, and transferring them from one institution to another.

In ECTS, 60 credits represent the workload of a full year of study; normally 30 credits are given for a semester. It is important that no special courses are set up for ECTS purposes, but that all ECTS courses are mainstream courses of the participating institutions, and followed by home students under normal regulations. Credits are awarded only when the course has been completed and all necessary examinations have been successfully taken.

When the student has successfully completed the study programme agreed upon by the home and host institutions, transfer of credit will take place. The student will then continue his or her studies at the home institution without any loss of time or credit. Transfer of credit is realized with a form (Transcript of Records) and by applying a special grading system in addition to the local grading system.

## German Grading System

Grades at FAU are generally awarded according to the following scale; however, the grades awarded for a specific degree programme may differ depending on the respective examination regulations:

Grade	Designation	Explanation
1	Sehr gut (excellent)	an outstanding achievement
2	Gut (good)	an achievement that exceeds the average requirements considerably
3	Befriedigend (satisfactory)	an achievement that fulfils average requirements
4	Ausreichend (sufficient)	an achievement that fulfils the requirements despite flaws
5	Nicht ausreichend (unsatisfactory)	an achievement that does not fulfil requirements due to major flaws

The examination regulations can specify whether the grades can be increased or decreased by 0.3 to indicate varying performance.

Grade	Designation	Explanation
1.0	Sehr gut (excellent)	Pass
1.3	Sehr gut (excellent) -	Pass
1.7	Gut (good) +	Pass
2.0	Gut (good)	Pass
2.3	Gut (good) -	Pass
2.7	Befriedigend (satisfactory) +	Pass
3.0	Befriedigend (satisfactory)	Pass
3.3	Befriedigend (satisfactory) -	Pass
3.7	Ausreichend (sufficient) +	Pass
4.0	ausreichend (sufficient)	Pass
4.3	Nicht ausreichend (unsatisfactory)	Fail
4.7	Nicht ausreichend (unsatisfactory)	Fail

5	Nicht ausreichend (unsatisfactory)	Fail
---	------------------------------------	------

Furthermore, for modules requiring regular attendance but no exam, there is a special grade “TN” = **Teilnahme** = attendance which is a “pass” grade. If a student participates in a module that requires an exam but does not take it – that is, only his/her attendance is certified – no credits can be awarded.

1S = 1 semester; 2S = 2 semesters/academic year
